Title: "Storage"
Length: :30

VIDEO:

Shot of a garage from driveway at a nice house. The door is up and the garage is full of stuff.

Same shot. The door from adjoining house opens and a man comes into the garage carrying a box. He sets it on top of a pile and returns to the house.

Wider shot, same house, same perspective. A Chevy pulls into the driveway.

The driver, a woman, gets out of the car and at the same time the man comes out of the house.

She kisses him and as she walks toward the house, he gets in the car and drives away.

Slow push into the garage interior full of stuff.
